# Buildings and Grounds Report

7/7/20 Vestry meeting

1. Andy and a few others revisited the attic clean out/organization project. From what I understand, the Ark had requested to store some holiday decorations in bins up there....yet there is more up there than originally agreed upon. We need to look into this to make sure that we do not end up back at square 1.
2. AMDG took care of some roof repairs which were causing a leak into the attic.
3. As you know, the antiphonal pipes have all come down and will be cleaned/tuned when the organ tuners put the pipes back into place.
4. Promark tree service will be out to take care of some dead branches in a tree in the Sulgrave Lot
5. I have contacted Gus to measure and build a new enclosure for over the boiler room window well.
6. Things are gradually starting to power up and thankfully Mark is back in action over there.
